HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Sagittarius

PROFESSIONAL - LIFE-PATH: Influence & understanding
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

PERSONAL - LIFE-PATH: Influence & understanding
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

Ascendant Sextile Mars

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Undiluted force
You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are

effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

PERSONAL - LIFE PATH: Undiluted force
You create a forceful impression, and people have a tendency to be somewhat nervous when they are around you. Those who know you well will appreciate your forthrightness, but the meek and sensitive will avoid your company - not that you care. You are headstrong, reckless and therefore rather prone to accidents. You are basically frank and honest, so people know where they stand with you.

Ascendant Square Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The spiritual path
You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path
It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Jupiter In Scorpio

PROFESSIONAL - WISDOM: Practice good magic
You were born at a time which highlighted developments in the world of international finance, issues of elitism, secrecy, and power use and misuse. When you fully realise your personal potential in this area, you will be able to use your capacity to deal with and wield power in one way or another. This can give success in the corridors of power or high finance, or alternatively you can develop deep psychological insight based on inner philosophical or religious convictions.

Your deep emotional commitment to your beliefs enables you to achieve your will by the magnetic force of your presence alone. Success comes within your reach when you enunciate and act on beliefs which relate in some way to the emotional health or security of other people. You have the power of the magician; when you focus your energy on future transformation, miracles happen.

PERSONAL - WISDOM: Practice good magic

You have a deep and intense emotional nature with powerful, though often secret, convictions. At some point in your life your beliefs will undergo a radical transformation in which you abandon old belief systems. Even when silent you tend to exude a powerful influence on those around you because of the strength of your beliefs. It is wise therefore not to be too forceful outwardly, but to reach inwards into the burning ground of your emotions. Possessiveness, sexual desire, ideological obsessions and other powerful emotional drives can exert a strong influence on you, until the time comes when you eliminate the hold they have. When this time comes you develop even more insight into the secret nature of the human mind and emotions.

Jupiter In 11th House

PROFESSIONAL - WISDOM: Social influence

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life. Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

PERSONAL - WISDOM: Social influence

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can

attain an influential position in society thanks to your social vision or ideals about the future.

Identity

Sun In Capricorn

PROFESSIONAL - IDENTITY: Define your highest goal
Many challenges during your life help you to develop a great determination and strength of character. By setting long-term goals for yourself you constantly refine your natural sense of self-discipline. Your ultimate goal in working so hard is to build up a solid character based on self-esteem. It is in overcoming obstacles that you truly get to feel personal satisfaction. The greatest challenges of your life come when you feel you have failed at something. Your status and professional life can mean a lot in this respect, and changes in these areas lead to major identity upheavals. However such changes are essential to make you periodically reconsider the direction your life is taking.

In your attitude to life you expect things to be difficult, and work hard instead of working smart. By cultivating a positive attitude of mind, the achievement of your goals will be made much easier. Choose to see so-called failures as stepping stones which actually help you find the right direction in life, so that you learn to make a virtue of necessity. You have administrative ability and are endowed with an aura of authority.

PERSONAL - IDENTITY: Define your highest goal

You have rather conventional tastes and quite a strong sense of morality, and you will be looking for qualities you can respect in a partner. You tend to judge weaknesses rather severely and expect a high standard in your relationships. As you are strongly motivated by your ambitions you may have a tendency to neglect your emotional life in favour of your professional interests. It is essential to find a balance between your professional and personal life. Public commitments can often take priority over private, though you will always be conscientious in your duty to the family. Partners can find you rather stiff and unspontaneous, and although this may be the case, you are normally loyal and responsible as regards family life. You are generally a person who can be trusted. When your outer facade melts you can be quite soft and sensual, and very devoted.

Sun In 2nd House

PROFESSIONAL - IDENTITY: Creating personal values

Much of your energy and attention is focused on building up

a solid sense of self-esteem. Inasmuch as you interpret your experiences as reflecting your personal esteem, you will strive hard to build a solid economic framework for your life. Other things being equal, security will be very important to you - both as far as your finances and your family life is concerned. You tend to gravitate towards, and stick to, a stable job, in which your expertise and personal character are your greatest assets. You have a talent for dealing with finances and quality items. In business matters you are a person of honour, and you are willing to put your reputation at stake for the sake of those for whom you work.

PERSONAL - IDENTITY: Creating personal values

Material values and status are seen by you as a testimonial to your self-worth. Therefore you build up strong attachments to things and have a keen sense of values. Some people may see you as materialistic, but for you material acquisitions can be a strong foundation for continued growth, and success in this area means you are often in a position to be quite generous. You need to feel that you are respected in all areas of your life; therefore you embrace conventional values and stick to them. It takes a lot to get you to shift your view or perspective. However periods which bring economic changes can lead to a profound reevaluation of your values.

Sun Conjunction Mercury

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are connected with restlessness and lack of concentration - and

a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

PERSONAL - IDENTITY: Subjectivity

Intelligence and communication are important issues for you in your personal relationships. You identify strongly with what you say, and it can be a blow to your personal pride if you are ignored or misunderstood. As a result you tend to be forceful in your opinions and at times unreceptive to what other people say and think. You are overly subjective, and you can spend a great deal of time running an inner dialogue in which you talk to yourself. By nature you exude a youthful spirit and a certain naiveté, or immaturity. People might call you flighty - even a Peter Pan figure. Unless other influences in the horoscope contradict this, you may lack staying power and skip from one relationship to another. You need the stimulation of travel and contact with interesting people to keep you occupied and burn off all your surplus energy. Your father may have been an intelligent or talkative person, with a nervous or skittish nature. You will judge the relationship you had with him through your ability to understand him and establish mental contact, and subsequently you judge yourself through your ability to establish mental contact with others.

Sun Square Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Competition

You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before

you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

Sun Sextile Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom

people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Sun Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and

personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Sun Opposition Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a reevaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really

mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Emotions

Moon In Pisces

PROFESSIONAL - EMOTIONS: Purify your emotions

With your naturally compassionate being and understanding nature, you can achieve success in creative areas, or through working with people who really need emotional help. You are attuned to sensory states which other people are not aware of, and some of the major turning points in your life arise when you develop an deep awareness of the hidden forces in life, in human relations and in nature. You are not particularly motivated by personal prestige or material temptations, and you may be quite willing to sacrifice your comforts to benefit others. You do have to avoid indulging negative feelings about the odds being stacked against you. This only happens because you have difficulties setting limits for what you are prepared to do for others.

PERSONAL - EMOTIONS: Purify your emotions

In comparison to many other people, you are extremely sensitive to the emotional atmosphere around you. You are no stranger to sadness, and there was probably a unhappy quality in your family relationships - particularly in regard to your mother. You tend to take on the vibrations of others just as a chameleon changes colour, so it is important to be discriminative as regards who you are with, and what you do. As you mature, you learn to be watchful of your own moods, as they change with the least stimulus. By

cultivating an emotionally positive attitude, you can avoid the negative energy states that made you feel helpless in the face of adversity when you were young. In relationships it helps to know that there is no dignity in martyrdom.

Moon In 3rd House

PROFESSIONAL - EMOTIONS: Caring communication

Family upbringing will have stimulated considerable interest in the outside world, and this probably means you have travelled a lot and perhaps lived in several different locations. Professionally you can succeed in a job where close professional contacts need to be nurtured. You have a compelling persuasive talent and you would be suited to a profession, where communication was essential. When you communicate, you do so with feeling and conviction. There is also a talent for teaching - especially children - so you may wish to work in the field of education. Travel and new environments would be stimulating job-factors. There may be an interest in, or talent for writing, art, or music.

PERSONAL - EMOTIONS: Caring communication

You have a tendency to cement very powerful emotional bonds to a sibling or sister-figure in your life, or perhaps to a schoolmistress. Your mother, too, will have had a powerful effect on your mental development, and she may well have been strongly involved in your education. Trying emotional experiences in your life result from strong differences of opinion, perhaps in sibling relationships. You have a tendency to attach yourself uncritically to a set of ideas more through loyalty than conviction, and when you argue your case you are easily swayed by irrational arguments and emotions. You are however an extremely communicative person, and enjoy building up a warm network of contacts in your local environment.

Moon Conjunction Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people

who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

Jupiter transiting Conjunction Moon

14-01-2010 -> 08-02-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be

more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Capricorn

PROFESSIONAL - MENTALITY: Develop organisational talents

Early in your life, you may have felt a lack of confidence mentally. However, you are powerfully motivated to prove your abilities, and as a late starter you slowly but surely rise in the professional hierarchy. Other things being equal, you are person who can be trusted with responsibility. You can handle a heavy work-load, which you conscientiously plough your way through. If you can combine these qualities with an ability to renew your ideas and be open, you will go a long way. You have the ability to think and plan in a strategic manner. This cautious manner means that you are good at avoiding impulsive errors, but on the other hand you can be overly sceptical and miss opportunities. You are a believer

in the values of tradition and experience, and you would work well in an administrative position.

PERSONAL - MENTALITY: Develop organisational talents

You are a serious-minded person, careful in self-expression and authoritative in making your opinions known. You have strong views, expressed slowly and thoughtfully. A believer in logic and reason, you like to see proof, before you can accept anything controversial. Other people may feel that you put a damper on their ideas. However, there is more to reality, than meets the eye, and when you do make a discovery you are extremely dedicated in learning more about it. You like to see ideas work in practice, and have little time for dreams which cannot be realised. Other things being equal you are an honest person, who can be relied on.

Mercury In 2nd House

PROFESSIONAL - MENTALITY: Develop mental resources

Your ability to communicate and inform, and perhaps a certain talent for wheeling and dealing, are great economic assets to you. You have an appreciation of the value of material things, desire to learn how money makes the world go round, and are quick to make contacts and reap financial benefits from them. You would thrive in a job in which your knowledge and handling of information, and your ability to build up a network of contacts are utilised. You may have a particular talent for the banking world as you are quick to assimilate news and information which is relevant for the constant changes in this area. You earn money through your intelligence, through teaching or through travel.

PERSONAL - MENTALITY: Develop mental resources

You have strong convictions, which are often based on the solid truths of the market. You are rarely motivated to show interest in insights which cannot be converted to practical advantage. However major economic changes in your life can lead to reinvestment of your values in the resources of the mind, psychological interests etc. Financial complications can arise in connection with brothers, sisters and neighbours, and early experiences in these areas will already have proved formative as regards your values in life today. You tend to worry a lot about the material aspects of life, and are constantly coming up with new ideas about how to manage your economy.

Mercury Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of

energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too much trouble or competition.

PERSONAL - MENTALITY: Affability

You have a gentle and sensitive nature, and strive to maintain harmony in your personal relationships, going a long way to meet the needs or demands of another, before you allow yourself to feel provoked. In love relationships communication is the single most important factor. This may stem from a very close relationship to a brother or sister when you were a child. Even now, you probably cultivate a brotherly or sisterly manner in your relationships, where games and the element of play have an important role. As mental stimulation is so important for you, you can get bored with your partner, and for some people this may mean a tendency to become romantically involved on the side, though there is rarely any malice involved, should this be the case. Erotic desire is hardly a motivating factor for you, but you do have a tendency to flirt, and this can make your life more complicated than you would wish.

Mercury Square Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Inventiveness

You have some mental qualities that border on genius.

Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

PERSONAL - MENTALITY: Inventiveness

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

Mercury Opposition Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical

attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

Values

Venus In Capricorn

PROFESSIONAL - VALUES: Responsibility in relationships
You have a natural business talent, a thrifty nature and plenty of common sense. Women with this position will be powerfully motivated by ambitious goals, and men will be attracted to ambitious women. You have an administrative talent - especially as far as financial and business matters are concerned. You are strongly attached to the work ethic, with deep convictions about personal responsibility in career matters. As such you are a person who can be relied upon. You strongly value social status, and are willing to work hard and conscientiously to achieve this. You have a talent for wielding authority in a pleasant way, often securing agreement without strife whilst remaining fully in charge.

PERSONAL - VALUES: Responsibility in relationships

You are very careful in your personal relationships - experience has taught you to size potential partners up cautiously, and this also means assessing their professional situation, morals and sense of responsibility. Status and economic security may take precedence over romantic love. Men with this position are attracted to efficient and ambitious women who possess a rather repressed sensual

vulnerability. Women tend to find more happiness professionally than privately, until they learn to take the risk of being vulnerable. Both sexes take relationships seriously and tend to have strong moral values. There may be an inclination to choose an older and more mature partner. Marriage is a contract that should stand the test of time.

Venus In 2nd House

PROFESSIONAL - VALUES: Satisfaction

You are a person who truly values personal relationships and beautiful things. Professionally you have a talent for dealing with these issues. There may be financial gain in dealing with aesthetically pleasing objects or the world of finance. Your style, judgement and grace are major assets in your career. Other things being equal you will accrue a good deal of money and surround yourself with many objects of value in your life. Your appearance, or a pleasing nature will be important resources in your professional life, and you are often able to gain favours through your ability to make other people feel good. It is crucial for you to feel that you are paid fairly for what you do, and you know how much you are worth. In the same way you are able to give other people a sense of their own worth.

PERSONAL - VALUES: Satisfaction

You exhibit a very warm personality and are capable of creating a stable and secure environment for your loved ones. However you prefer to live the good life, and do not like to deny yourself the pleasures that material things can bring. To feel good, you often resort to buying yourself presents. Your strong attachments and desires - both materially and romantically - can create financial problems. On the other hand you tend to be materially fortunate. In your love life you demand tangible expressions of love - the more expensive the better. You too can be generous, both materially and emotionally. One of your greatest talents is your ability to appreciate the bounties of Nature. Financial issues are important in your relationships.

Venus Square Uranus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function

best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

Venus Opposition Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some

people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

Venus Conjunction N.Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DESTINY: Truth in beauty

Your sense of values and taste, and even your personal appearance, can awaken strong feelings of attraction in the people who know you. Your aesthetic values may play an important role in whatever associations or groups you belong to, and you may even set the style of the times through your personal judgement. Often seduced by the beauties of the world, and the temptations of material things, you have a special challenge in life as regards understanding the power of love and attraction - and their pitfalls.

PERSONAL - DESTINY: Truth in beauty

Magnetic attractions to specific people in your life can be extremely formative as regards your spiritual growth. The world of the senses, and the pleasures and pains of love will be a constant challenge and source of fascination for you. You may react by indulging in every pleasure which is

offered to you, or you may reject the allure of sensory paradise, preferring purity and frugality. Your choice, and your values, may have a significance beyond the personal, profoundly affecting the spirit of your time.

Jupiter transiting Conjunction Venus

01-01-2009 -> 15-01-2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period

because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Libra

PROFESSIONAL - DRIVES: Manifest your judgement.

You have a strong sense of justice and are strongly motivated to create balance in your working environment. Your greatest asset is your aesthetic sense, and this can manifest in employment where matters of taste are important - for example fashion, decoration and other areas where a good judgement is required. Your manners are most probably rather refined.

There can be an element of indecisiveness as far as decision-making is concerned. First of all you are not comfortable offending others, and secondly you have a true ability to see both sides of an issue. By coming down on one side or another imbalance is created, and this brings a sense of discomfort. So you will tend to make compromises and generally get by on your charm. This can be a disadvantage in situations where a firm stance is required. People feel nervous when they don't know what position you take - this can give an untrustworthy impression. It can be an advantage for you to jump sometimes, instead of staying on the fence.

PERSONAL - DRIVES: Manifest your judgement.

Other things being equal, you will have a gentle manner and controlled temperament, except in situations where you feel an injustice is being done. In these circumstances you fight hard to get a fair hearing for yourself and others. You have a natural flair for handling public relations, and this can certainly give you success when dealing with the opposite sex. Men with this position of Mars have a tendency to flirt, and may take advantage of women through being manipulative. Women are attracted to men with good taste, poise and style, though there is a tendency to be deceived by appearances and smooth talk. Conflicts in relationships can arise over unfaithfulness or differences in opinions as regards taste and judgement. Though you are strongly motivated to enjoy partnership, contention often arises in one area or another. You are on the one hand reluctant to get into conflict, yet on the other quite sharp in your judgement of others.

Mars In 10th House

PROFESSIONAL - DRIVE: Professional initiative

Professional success is a continual battle for you, and you throw considerable energy into making your mark on society. You are a fighter, and this can mean that you get involved in professional squabbles - particularly with male superiors. You work best when you are free to make your own decisions. It is really too much to expect you to take orders from others. On the other hand, if you are given sufficient room to manoeuvre, you will be an asset to any company because you fight hard and rarely give up. The competitive spirit will normally bring the best out in you, and it is essential for you to have constant challenges. You are a typical "hands on" person - a fair but tough boss, and a rather fractious employee. Physical work may appeal to you, and there may be a professional connection with machines or the building trade.

PERSONAL - DRIVE: Professional initiative

You are a strong character and have a tendency to be rather dominating. Battles of will with your parents, or the experience of troubles in the family have evoked a fighting spirit in you. Although this brings progress professionally, it may bring domestic disharmony, particularly because you tend to invest a lot of energy in your work. As a man it is important for you to give more time to your sexual life, and yet to overcome a tendency to want to prove your manhood or see sex as some kind of performance. Women with this position are often attracted to go-getter men with a high professional profile. Sexual problems can arise at work either because of flirtation or because (if you are a woman) you have not yet learned to make a stand against the advances or demands of men.

Saturn transiting Conjunction Mars

19-10-2010 -> 07-09-2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training

and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Jupiter Sextile Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

PERSONAL - WISDOM: Expansive dreams

This influence shows that you can be moved by dreams and visions. There will be some aspect of your life in which you are touched by something magic that completely transcends your everyday life. This can bring great happiness, if you choose to cultivate your intellectual drive towards greater spiritual understanding through creative, artistic or meditative interests. At the same time there may be a total lack of grounding, or a tendency to be completely absorbed by unrealistic ideas. There are dreamers of dreams who achieve nothing, and weavers of dreams, who can bring visions down to earth. Ultimately people will be disappointed in you, if you are the former. You have the capacity to make faith and hope guiding lights for your actions.

Jupiter transiting Square Jupiter

13-03-2009 -> 02-12-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature

judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 3rd House

26-03-2009 -> 18-12-2009

PROFESSIONAL - WISDOM: Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

PERSONAL - WISDOM: Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity.

You find meaning in the small things in life.

Jupiter transiting Conjunction 4th House

29-04-2010 -> 18-01-2011

PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

PERSONAL - WISDOM: Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

Challenges

Saturn In Aquarius

PROFESSIONAL - SELF-RELIANCE: Social structure

Saturn was in this sign during the years 1932-35, 1961-64 and 1991-1994, and this placement inaugurated a period of international co-operation, new alliances, and social restructuring for good or ill. There was a strong emphasis on humanitarianism, and this may be reflected in your own choice of profession. You have a talent for dealing with groups, societies or boards in which you add your voice to those of others in a democratic process of decision. Success in your career demands that you overcome anti-social tendencies or a feeling of shyness in groups, and do something constructive about the needs of your fellow citizens or colleagues. You can offer your services in situations where there is a need to create a functioning structure after radical change. You can find a niche in social

services, humanitarian organs or cross-cultural exchange. You can also bridge the gap between generations in your work.

PERSONAL - SELF-RELIANCE: Social structure

During the time of your birth there was a strong collective spirit of internationalism, and powerful awareness of social interactions in society. You are probably more aware than most about social commitment to the group, and the responsibility which individuals must show to the whole for things to function in society. In your personal life you will focus on the energies at play in groups, and be keenly aware of your own ability to function socially. You may have to overcome a certain stiffness in relating to others. Particularly on an emotional level you can exhibit a cool distance which can make intimate friendship difficult. You are a very fair and democratically-minded person, and are strongly motivated to even out divisions in society. By overcoming your innate social inhibitions you can play an important role in the organisation of groups. You function better relating to groups than to individuals.

Saturn In 3rd House

PROFESSIONAL - SELF-RELIANCE: Educate yourself

Education, ease of expression and intelligence are high priorities for you. You work hard and are extremely conscientious, as it is important for you to feel respected for your abilities. When you overcome a lack of self-confidence as regards your intellectual prowess you will succeed in a profession where mastery of information is important. Despite early fears you will continue to meet mental challenges, perhaps taking training courses quite late on in life to develop your abilities. Your realism can be invaluable in meetings... you are the type who likes to be sure of the facts, before drawing any conclusions. When you express an opinion, it is well thought out and generally carries the weight of experience.

PERSONAL - SELF-RELIANCE: Educate yourself

Family influences - particularly in connection with a brother or sister - and early painful experiences at school will have had a rather traumatic effect on your mental development. Your confidence in your intelligence will have been undermined, and you can feel uncomfortable when you meet people. Light conversation does not come naturally. Under pressure a sudden mental block descends, and fear of appearing dim-witted obstructs the mental flow. You work twice as hard as anyone else just to be sure you are not going to be shown up mentally. Mental confidence rarely comes before the age of 30, and if you have given up on an

education as a young person, you may take it up again after this age. Your concern with getting the facts right can hinder your ability to get an overall view - often you can't see the wood for the trees. You can become an authority on a specific subject.

Saturn Sextile Uranus

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

PERSONAL - SELF-RELIANCE: Structural renewal

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

Jupiter transiting Conjunction Saturn

23-04-2009 -> 12-01-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Neptune transiting Conjunction Saturn

11-01-2009 -> 26-12-2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structures

Your ambitions in life should be revised at this time, as you can no longer expect the same kind of satisfaction through hard work and the attainment of goals. The goals you are trying to reach will prove elusive - perhaps meaningless, so perhaps you should take time off to muse on the direction your professional life is leading you. Dealings with authorities, or establishing your own authority can prove especially frustrating now. Institutions get swept away by

new trends.

For some people this is a period when their professional security is really undermined. Jobs can be lost and personal economy weakened. Things built up over long periods of time can dissolve. Nothing can be done to shore up the sinking ship at this time. A degree of fatalism and acceptance can be necessary for a time. Allow unwanted constructions to be swept away by the passage of time, develop patience, and start to define new goals for your future.

PERSONAL - SELF-RELIANCE: Dissolution of structures

This period may be one of personal hardship, because many of the structures and principles on which you have built your life can dissolve. Whatever represents authority for you needs to be revised, and you have to acquire a new sense of flexibility. People and things which you have grown used to and founded your security upon, can slip away from your grasp. This brings a new opportunity for you to define how you want to shape your life, and to make new choices as regards what to rely on. Any structures or beliefs which have been inflexible will disappear.

It is especially important for you to consider long-term material goals and ask yourself if they provide lasting values. When your life is over, it will be the quality of your life, and the actions that you have taken, which will be of value - personal status and material acquisitions will have very little meaning.

Originality

Uranus In Aries

Uranus In 5th House

PROFESSIONAL - ORIGINALITY: Unique self-expression

In professional matters you can project your identity in an original way, inspiring others through your ability to be unique and make the most of untraditional talents. You have an intuitive sense about when it might pay to take a risk. You can bring out the latent creativity in individuals in groupwork. You may also have a special talent with children who feel they are outsiders in some way. If you work with creativity you will feel a strong need to be shocking and provocative, going to extremes to express your own unique qualities.

PERSONAL - ORIGINALITY: Unique self-expression

You probably liked to express your individuality in a rather unconventional way as a child - perhaps because you felt you were an outsider in some way. You feel most alive

when you break new ground in self-expression. Adventure and daring sports may appeal to you, and you are inspired by risk-taking. In matters of the heart you are inclined towards sudden magnetic attractions with unconventional people, and love-affairs may be characterised by separation and travel. Excitement and the opportunity for change are more important for you in love than security or sexuality. You are willing to experiment in matters of the heart. Unusual circumstances are connected with children in your life. Children are like friends to you - you treat them as equals and do not feel that you own them, or that they owe you anything. As freedom is important for you, you may not wish to have children, but if you do, you will bring them up in an untraditional way. You are well-equipped to bring up children who are not biologically your own.

Uranus Square Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electrification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

PERSONAL - ORIGINALITY: Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level

you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

Transcendence

Neptune In Virgo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Neptune In 9th House

PROFESSIONAL - TRANSCENDENCE: Dreaming the truth
You have an unusual perception of what constitutes truth, and how people's beliefs are influenced. This may give you some talent for swaying the minds of others - particularly on a collective level. Thus advertising, music, the media etc. can all be areas of professional interest to you. You know how fickle public opinion is, and this knowledge gives you the ability to identify or use propaganda. You have a very flexible attitude to moral principles - remember you may understand what you mean or why something is right or wrong, but it is society which decides. Legal troubles will arise if you insist on using your definition of justice!

PERSONAL - TRANSCENDENCE: Dreaming the truth
You spend a lot of time in an elusive search for truth. Early experiences will have taught you about the relativity of personal convictions or opinions and now you simply do not trust them. Each time you try to define your beliefs or adhere to a set of principles, something happens to disappoint you. Experience divests you of all your illusions. Take great care that these experiences do not give rise to a cynical attitude - it is important in your personal dealings with others to have a set of principles that work in society, and to stick to them. During the course of your life you embark on a spiritual journey, and your signposts are dreams, ephemeral intuitions and the occasional spark of divine intervention. Your destination is also your starting point - if you could define the truth, then it would not be the truth. You have the capacity to understand the nature of the mind as void.

Jupiter transiting Opposition Neptune

08-03-2010 -> 01-04-2010

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles
If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Cancer Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Pluto In 8th House

PROFESSIONAL - TRANSFORMATION: Releasing control
During the course of your professional life you will either wield great power on an economic level, or be at the mercy of those who do. If you have power, you tend to be secretive - even a little dictatorial. You may adhere to the doctrine of the survival of the fittest. You may be fanatically attached to economic principles, at times there may be great gains, at times great losses. You are good at disposing of resources, when this is necessary, and realising assets after economic

collapse. You may be a power broker; perhaps you will even define yourself professionally by some crusade against power misuse. At some point in your life your economic foundations will collapse - but then, you are a great survivor. Perhaps this transformation will bring a greater interest in emotional issues and psychological mechanisms.

PERSONAL - TRANSFORMATION: Releasing control

You have the capacity to experience a great personal transformation during the course of your life when you harness the energy which is stored within you. Deep traumas or fears early in your life tend to absorb your energy and resources. You may fear being at the mercy of others, and may even generalise and project this fear on people or organisations in a position of power. It would certainly be foolish to tilt at the windmills of power in society. Greater satisfaction comes through an inner psychological transformation process. Intimate relationships tend to be marred by power battles and control. Sexuality in particular is characterised by your inability to let go and trust your partner by being vulnerable and powerless. You have to go to extremes to achieve satisfaction here. An unconscious fear of ego-death may inhibit release through sexuality, until you learn to transform primitive erotic drives into a demonstration of emotional giving.

Destiny

N.Node In Aquarius, S.Node In Leo

PROFESSIONAL - DESTINY: All is vanity

The early part of your professional life is characterised by a need for prominence and recognition. You expend a lot of energy selling yourself, attracting attention and trying to create a good impression. You may be especially concerned about personal creativity, struggling to express the essence of your identity in what you do. As such you are extremely sensitive to criticism and anything which undermines your ego. As you mature the need for fame subsides, and selfish creative urges are submerged by an acceptance of the importance of integration. You attain respite from the demands of the ego by involving yourself in ventures which are for the common good, and you find that your natural leadership qualities function much better when you are inspired by the needs of a group. Contact with foreign cultures can bring a turning point in your professional life.

PERSONAL - DESTINY: All is vanity

During the course of your life you have to struggle with an inner identity dilemma which brings a transition from

egocentric behaviour to a more dispassionate commitment to the group. When young you wish to taste life to the fullest. The world can seem like an entertainment supermarket where you can indulge your pleasures. You expend a great deal of energy on love affairs, conspicuous consumption, luxury pursuits and the like, and you may build up quite an image for yourself. As you mature however, vanity is seen to be nothing but vexation of the spirit, pleasures seem hollow, the flame of your identity burns down. You are destined to go through a rather dramatic process of self-realisation which evokes a more humble attitude in you. A need arises to involve yourself with others and offer your services to enhance the energy of the group. Humanitarian interests replace self-indulgence, and you find fulfilment and meaning when you embrace a shared goal with others.

N.Node In 2nd House, S.Node In 8th House

PROFESSIONAL - DESTINY: Personal satisfaction

Building up a solid sense of personal self-worth and esteem is a lifelong task for you. Early in your life you experience a strong sense of deprivation and a great hunger for material and emotional security. You are acutely aware of the benefits other people enjoy, and strongly focused on what you feel you have lost. Indeed you may sabotage your material security more than once, because of your lack of faith in your ability to attain and enjoy material comforts. Because of an unconscious fear of others having power over you, you may cling to prestige or power in society. Eventually you can attain peace and security by relying on your own innate talents, and building up solid economic foundations as a result.

PERSONAL - DESTINY: Personal satisfaction

A turning point comes at some point in your life - particularly around the age of 37 - in which you learn to trust in your abilities to build a secure foundation for your physical existence. As you mature you learn to accept and enjoy the material benefits which come your way, and this in turn provides a secure environment for developing calmness and self-esteem. Early in life you may be afflicted by jealousy and anxiety as regards stability in your relationships. You exhaust yourself trying to control your partner emotionally. Later, however, desperate need gives way to a contented satisfaction. A number of erotic issues and relationship obsessions give way at this point to a less desperate and more peaceful concept concerning intimate relationships.

Jupiter transiting Conjunction N.Node

Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.
